All of the cited publications are in the English language.

Each of the cited publications is considered relevant or material to the patentability of the present invention in view of the citation thereof in said communication and for the reasons stated in said communication.

Said communication is in English, thereby satisfying the requirements for a concise explanation of relevance.

As indicated above, copies of EP 828,343, EP 547,271, GB 2,146,205 and "Jitter Accumulation in a simulated 591-2 Mbits/s, 6000km Optical transmission system" are not submitted herewith since these documents were already filed in the Information Disclosure Statement filed February 25, 2003. These four documents are also not listed on the attached Form PTO/SB/08A OR 08B.

STATEMENT UNDER 37 CFR 1.97(e)(1)

Each item of information contained in this Information Disclosure Statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the present Information Disclosure Statement. Said Communication bears a mailing date of June 6, 2003.

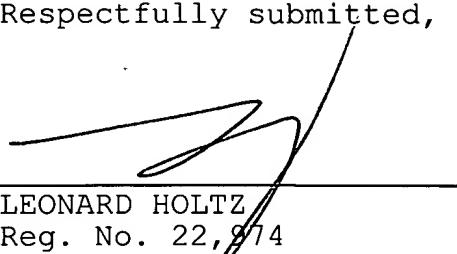

STATEMENT UNDER 37 CFR 1.704(d)

Each item of information contained in this Information Disclosure Statement was cited in said communication from a foreign patent office in a counterpart application, and this communication was not received by any individual designated in

\$1.56(c) more than thirty days prior to the filing of the present Information Disclosure Statement.

It is respectfully requested that the attached publications be considered and made of record.

Respectfully submitted,

LEONARD HOLTZ
